

# Gas Blower FE-T 300

Model	Voltage (V)	Frequency (Hz)	Input power (W)	Current (A)	Air volume m³h	Static pressure (Pa)
FE - T300	230	50	55	0,5	167	280

- Insulation class H
- Flue Temperature: < 180°C (continues)  
240°C (instantaneous)
- Motor anti-vibration
- Housing and impeller aluminized sheet steel
